## DEPARTMENT OF COMPUTER SCIENCE

## MISSION AND VISION

### VISION

To impart high quality professional training in undergraduate level with emphasis on basic principle of Computer Science and Applications.

To inculcate professional behaviour, strong ethical values and leadership abilities in the young minds so as to work with a commitment to the progress of the nation.

### MISSION

Imparting quality education in the field of Computer Science and Applications.

To impart to students the logical and analytical skills required to have a competitive advantage in the field of Information Technology.

To mould students to become ethically responsible individuals and use technology sensibly.

To educate students to adapt to changing dynamics of the IT Industry.

## ABOUT THE DEPARTMENT

The Department of Computer Science offers two programmes (Bachelor of Computer Science and Bachelor of Computer Application) and Master's programme in Computer Science. Careers in Computer Science remain in very high demand and they offer not only the comforts of a high-paying job, but also the intellectual challenges of a creative and productive profession.

MSc in Computer Science aims at inculcating creative thinking. In addition to mastering foundational theoretical concepts and practical skills, the focus of this programme is to prepare students to conduct high-quality research through audit courses in first three semesters and a project in the fourth semester. Project areas stretch across diverse areas like Artificial Intelligence, Internet of Things, Computer Networks and Computer Security. Students are given a strong foundation in computer science and problem-solving techniques, and are made adaptable to changes.

We believe that this approach to teaching-learning, coupled with practical experience gained during industrial training in reputed organizations, equips our students to handle the challenges posed by the software industry.

The Department of Computer Science has recorded consistent improvement in its academic and placement performance. It offers a range of innovatively designed programs whose curricula are updated constantly to meet the changing requirement of the industry.

## PROGRAMMES OFFERED

- BSc. Computer Science
- BCA
- MSc. Computer Science

## CERTIFICATION COURSES

- Microsoft Excel
- Machine Learning
- Microsoft Powerpoint
- Redhat linux Administration
